Copy of a request made 3 July 1801

Mr. Dolby

You are required to cause the Bells to be Rung tomorrow in Commemoration of the Independence of the United States

Tho Cumpston
Ch Warden

Sir,

I am astonished to hear, that any inhabitant of the State of Pennsylvania should be so disaffected to the Independence of our country, and so imprudent as to avow it, as a Mr. Dolby, the Head-ringer of the Bells in the steeple of Christ-church, who I am told refuses peremptorily to suffer them to be rung on this day. This conduct must be submitted to his employers, and he or they be responsible for the consequences. I wish, for the reputation of a respectable portion of my fellow citizens, that the Bells may instantly be rung.

I am, Sir,
Your obedient humble Sv.
Tho.s M.Kean
